

HELLO, I'M

Caleb Gevertz

JHU Part-Time Data Science Student

Hi all! I'm Caleb, an Atlanta local who's currently pursuing my part-time Master's in Data Science at JHU while working as an operations and strategy manager. Feel free to reach out at caleb.gevertz@gmail.com!

Projects

Coursework and side projects from my JHU Data Science journey.

Module 1 Assignment: Personal Website

My first assignment in Modern Software Concepts in Python was building this very website! It's a Flask application with a Blueprint-based route structure, Jinja2 templates, and custom CSS styling — covering a homepage, a contact page, and this projects page.
